Testimonials from our Alumni....

Mr. Deepak S
2010 BSc (N)Batch

“I am immensely grateful to my nursing college for the invaluable experience. From exceptional education to supportive relationships, every moment shaped me as a nurse. My nursing college days were an unforgettable chapter in my life, filled with growth, camaraderie, and invaluable experiences. From the first day of orientation to the emotional farewells at graduation, every moment left an indelible mark on me. Beyond the textbooks and stethoscopes, it was the bonds forged with classmates and faculty that made my college days truly memorable. These relationships became the cornerstone of my nursing journey, shaping me into that I am today. Reflecting on my nursing college days brings a flood of emotions – gratitude for the knowledge gained, nostalgia for the memories made. Though those days may be behind me, their impact will continue to resonate throughout my career and beyond. Thank you for the opportunity to learn, grow, and embark on a fulfilling career dedicated to serving others.”

“God always prefer the best for me. Among all those blessings I received, the best one always will be my college ... SGNC ,” always thankful to each and every one who stood along with me in my ups and downs and for building me who Iam today...my friends , my teachers and everyone... What I am now is only because of what I got from there.”

Ms. Indu S Kumar
2012 BSc (N)Batch

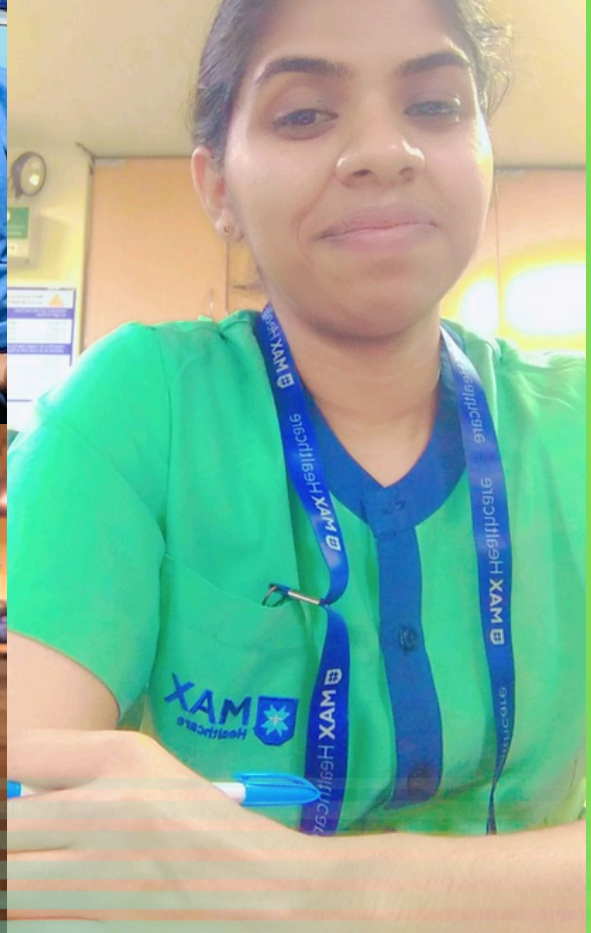

I would like to express my profound gratitude to the college for all its support and encouragement. Our principal, Prof. Meera K. Pillai, is the best principal I have ever seen, and I am grateful for all your assistance and information, which have been really helpful. In particular, I want to draw attention to how the Sree Gokulam Nursing College environment became like that of potters, moulding us from raw clay into exquisite works of art. It took a long time and was difficult to shape.

Our best years are always those spent in college. They give the majority of us priceless memories that we will always treasure. The days spent together with tutors, the friends we created, and the memories we shared are invaluable. I shall never forget those colourful and animated SNAs. All of our programs, tournaments, sports day, college day festivities, SNA week, and much more. Finally, and the most I am missing my environment there and my friends and teachers. Wishing all the best for the future buds too.
